### DESCRIPTION OF JOB

'Quick Built Acoustic Fencing System' was chosen as the perfect privacy and acoustic barrier solution for this corner block at a very busy intersection in Newcastle, NSW.

The clients discovered 'Quick Built Acoustic Fencing System' and realised they could achieve the rendered brick fence look they were after at the fraction of the cost and time to build due to the ease of installation, with no need for expensive footings and formwork. They also get the added benefit of an acoustic sound barrier to help eliminate noise from the busy road.
